EXPLANATORY NOTE

This report combines the quarterly reports on Form 10-Q for the quarterly period ended June 30, 2019 of Simon Property Group, Inc., a Delaware corporation, and Simon Property Group, L.P., a Delaware limited partnership. Unless stated otherwise or the context otherwise requires, references to “Simon” mean Simon Property Group, Inc. and references to the “Operating Partnership” mean Simon Property Group, L.P. References to “we,” “us” and “our” mean collectively Simon, the Operating Partnership and those entities/subsidiaries owned or controlled by Simon and/or the Operating Partnership.

Simon is a real estate investment trust, or REIT, under the Internal Revenue Code of 1986, as amended, or the Internal Revenue Code. We are structured as an umbrella partnership REIT under which substantially all of our business is conducted through the Operating Partnership, Simon’s majority-owned partnership subsidiary, for which Simon is the general partner. As of June 30, 2019, Simon owned an approximate 86.8% ownership interest in the Operating Partnership, with the remaining 13.2% ownership interest owned by limited partners. As the sole general partner of the Operating Partnership, Simon has exclusive control of the Operating Partnership’s day-to-day management.

We operate Simon and the Operating Partnership as one business. The management of Simon consists of the same members as the management of the Operating Partnership. As general partner with control of the Operating Partnership, Simon consolidates the Operating Partnership for financial reporting purposes, and Simon has no material assets or liabilities other than its investment in the Operating Partnership. Therefore, the assets and liabilities of Simon and the Operating Partnership are the same on their respective financial statements.

We believe that combining the quarterly reports on Form 10-Q of Simon and the Operating Partnership into this single report provides the following benefits:

- enhances investors’ understanding of Simon and the Operating Partnership by enabling investors to view the business as a whole in the same manner as management views and operates the business;
- eliminates duplicative disclosure and provides a more streamlined presentation since substantially all of the disclosure in this report applies to both Simon and the Operating Partnership; and
- creates time and cost efficiencies through the preparation of one combined report instead of two separate reports.

We believe it is important for investors to understand the few differences between Simon and the Operating Partnership in the context of how we operate as a consolidated company. The primary difference is that Simon itself does not conduct business, other than acting as the general partner of the Operating Partnership and issuing equity or equity-related instruments from time to time. In addition, Simon itself does not incur any indebtedness, as all debt is incurred by the Operating Partnership or entities/subsidiaries owned or controlled by the Operating Partnership.

The Operating Partnership holds, directly or indirectly, substantially all of our assets, including our ownership interests in our joint ventures. The Operating Partnership conducts substantially all of our business and is structured as a partnership with no publicly traded equity. Except for the net proceeds from equity issuances by Simon, which are contributed to the capital of the Operating Partnership in exchange for, in the case of common stock issuances by Simon, common units of partnership interest in the Operating Partnership, or units, or, in the case of preferred stock issuances by Simon, preferred units of partnership interest in the Operating Partnership, or preferred units, the Operating Partnership, directly or indirectly, generates the capital required by our business through its operations, the incurrence of indebtedness, proceeds received from the disposition of certain properties and joint ventures and the issuance of units or preferred units to third parties.

The presentation of stockholders’ equity, partners’ equity and noncontrolling interests are the main areas of difference between the consolidated financial statements of Simon and those of the Operating Partnership. The differences between stockholders’ equity and partners’ equity result from differences in the equity issued at the Simon and Operating Partnership levels. The units held by limited partners in the Operating Partnership are accounted for as partners’ equity in the Operating Partnership’s financial statements and as noncontrolling interests in Simon’s financial statements. The noncontrolling interests in the Operating Partnership’s financial statements include the interests of unaffiliated partners in various consolidated partnerships. The noncontrolling interests in Simon’s financial statements include the same noncontrolling interests at the Operating Partnership level and, as previously stated, the units held by limited partners of the Operating Partnership. Although classified differently, total equity of Simon and the Operating Partnership is the same.

To help investors understand the differences between Simon and the Operating Partnership, this report provides:

- separate consolidated financial statements for Simon and the Operating Partnership;
- a single set of condensed notes to such consolidated financial statements that includes separate discussions of noncontrolling interests and stockholders’ equity or partners’ equity, accumulated other comprehensive income (loss) and per share and per unit data, as applicable;

- a combined Management's Discussion and Analysis of Financial Condition and Results of Operations section that also includes discrete information related to each entity; and
- separate Part II, Item 2. Unregistered Sales of Equity Securities and Use of Proceeds sections related to each entity.

This report also includes separate Part I, Item 4. Controls and Procedures sections and separate Exhibits 31 and 32 certifications for each of Simon and the Operating Partnership in order to establish that the requisite certifications have been made and that Simon and the Operating Partnership are each compliant with Rule 13a-14(a) or Rule 15d-14(a) of the Securities Exchange Act of 1934 and 18 U.S.C. §1350. The separate discussions of Simon and the Operating Partnership in this report should be read in conjunction with each other to understand our results on a consolidated basis and how management operates our business.

In order to highlight the differences between Simon and the Operating Partnership, the separate sections in this report for Simon and the Operating Partnership specifically refer to Simon and the Operating Partnership. In the sections that combine disclosure of Simon and the Operating Partnership, this report refers to actions or holdings of Simon and the Operating Partnership as being "our" actions or holdings. Although the Operating Partnership is generally the entity that directly or indirectly enters into contracts and joint ventures, holds assets and incurs debt, we believe that references to "we," "us" or "our" in this context is appropriate because the business is one enterprise and we operate substantially all of our business through the Operating Partnership.

Condensed Notes to Consolidated Financial Statements
(Unaudited)
(Dollars in thousands, except share, per share, unit and per unit amounts
and where indicated in millions or billions)

1. Organization

Simon Property Group, Inc. is a Delaware corporation that operates as a self-administered and self-managed real estate investment trust, or REIT, under the Internal Revenue Code of 1986, as amended, or the Internal Revenue Code. REITs will generally not be liable for U.S. federal corporate income taxes as long as they distribute not less than 100% of their REIT taxable income. Simon Property Group, L.P. is our majority-owned Delaware partnership subsidiary that owns all of our real estate properties and other assets. According to the Operating Partnership's partnership agreement, the Operating Partnership is required to pay all expenses of Simon. In these condensed notes to the consolidated financial statements, unless stated otherwise or the context otherwise requires, references to "Simon" mean Simon Property Group, Inc. and references to the "Operating Partnership" mean Simon Property Group, L.P. References to "we," "us" and "our" mean collectively Simon, the Operating Partnership and those entities/subsidiaries owned or controlled by Simon and/or the Operating Partnership. Unless otherwise indicated, these condensed notes to consolidated financial statements apply to both Simon and the Operating Partnership.

We own, develop and manage premier shopping, dining, entertainment and mixed-use destinations, which consist primarily of malls, Premium Outlets[®], and The Mills[®]. As of June 30, 2019, we owned or held an interest in 206 income-producing properties in the United States, which consisted of 107 malls, 69 Premium Outlets, 14 Mills, four lifestyle centers, and 12 other retail properties in 37 states and Puerto Rico. Internationally, as of June 30, 2019, we had ownership in 29 Premium Outlets and Designer Outlet properties primarily located in Asia, Europe, and Canada. As of June 30, 2019, we also owned a 21.9% equity stake in Klépierre SA, or Klépierre, a publicly traded, Paris-based real estate company which owns, or has an interest in, shopping centers located in 16 countries in Europe.

2. Basis of Presentation

The accompanying unaudited consolidated financial statements include the accounts of all controlled subsidiaries, and all significant intercompany amounts have been eliminated. Due to the seasonal nature of certain operational activities, the results for the interim periods ended June 30, 2019 are not necessarily indicative of the results to be expected for the full year.

These consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and include all of the information and disclosures required by accounting principles generally accepted in the United States (GAAP) for interim reporting. Accordingly, they do not include all of the disclosures required by GAAP for complete financial statements. In the opinion of management, all adjustments necessary for a fair presentation (including normal recurring accruals) have been included. The consolidated financial statements in this Form 10-Q should be read in conjunction with the audited consolidated financial statements and related notes contained in the combined 2018 Annual Report on Form 10-K of Simon and the Operating Partnership. Certain reclassifications considered necessary for a fair presentation have been made to the prior period financial statements in order to conform to the current year presentation. These reclassifications have not changed the results of operations.

As of June 30, 2019, we consolidated 135 wholly-owned properties and 18 additional properties that are less than wholly-owned, but which we control or for which we are the primary beneficiary. We account for the remaining 82 properties, or the joint venture properties, as well as our investments in Klépierre, Aéropostale, Authentic Brands Group, LLC, or ABG, and HBS Global Properties, or HBS, using the equity method of accounting, as we have determined we have significant influence over their operations. We manage the day-to-day operations of 57 of the 82 joint venture properties, but have determined that our partner or partners have substantive participating rights with respect to the assets and operations of these joint venture properties. Our investments in joint ventures in Japan, South Korea, Mexico, Malaysia, Germany, Canada, and the United Kingdom comprise 21 of the remaining 25 properties. These international properties are managed by joint ventures in which we share control.

Preferred distributions of the Operating Partnership are accrued at declaration and represent distributions on outstanding preferred units of partnership interests, or preferred units, and are included in net income attributable to noncontrolling interests. We allocate net operating results of the Operating Partnership after preferred distributions to limited partners and to Simon based on the partners' respective weighted average ownership interests in the Operating Partnership. Net operating results of the Operating Partnership attributable to limited partners are reflected in net income attributable to noncontrolling interests. Simon's weighted average ownership interest in the Operating Partnership was 86.8% and 86.9% for the six months ended June 30, 2019

and 2018, respectively. As of June 30, 2019 and December 31, 2018, Simon's ownership interest in the Operating Partnership was 86.8%. We adjust the noncontrolling limited partners' interests at the end of each period to reflect their interest in the net assets of the Operating Partnership.

Preferred unit requirements in the Operating Partnership's accompanying consolidated statements of operations and comprehensive income represent distributions on outstanding preferred units and are recorded when declared.

3. Significant Accounting Policies

Cash and Cash Equivalents

We consider all highly liquid investments purchased with an original maturity of 90 days or less to be cash and cash equivalents. Cash equivalents are carried at cost, which approximates fair value. Cash equivalents generally consist of commercial paper, bankers' acceptances, Eurodollars, repurchase agreements, and money market deposits or securities. Financial instruments that potentially subject us to concentrations of credit risk include our cash and cash equivalents and our trade accounts receivable. We place our cash and cash equivalents with institutions of high credit quality. However, at certain times, such cash and cash equivalents are in excess of Federal Deposit Insurance Corporation and Securities Investor Protection Corporation insurance limits.

Equity Instruments and Debt Securities

Equity instruments and debt securities consist primarily of the debt securities of our captive insurance subsidiary, equity instruments, our deferred compensation plan investments, and certain investments held to fund the debt service requirements of debt previously secured by investment properties. At June 30, 2019 and December 31, 2018, we had equity instruments with readily determinable fair values of \$74.1 million and \$78.1 million, respectively. Effective January 1, 2018, changes in fair value of these equity instruments are recorded in earnings. We recognized a cumulative effect adjustment of \$7.3 million as of January 1, 2018 to reclassify unrealized gains previously reported in accumulated other comprehensive income as a result of the adoption of Accounting Standards Update (ASU) 2016-01, "Financial Instruments – Overall: Recognition and Measurement of Financial Assets and Financial Liabilities." Non-cash mark-to-market adjustments related to an investment we hold in units of a publicly traded real estate investment trust are included in unrealized (losses) gains in fair value of equity instruments in our consolidated statements of operations and comprehensive income. Non-cash mark-to-market adjustments related to other securities with readily determinable fair values for the three and six months ended June 30, 2019 and 2018 were not significant. At June 30, 2019 and December 31, 2018, we had equity instruments without readily determinable fair values of \$187.5 million and \$175.7 million, respectively, for which we have elected the measurement alternative under this guidance. We regularly evaluate these investments for any impairment in their estimated fair value, as well as any observable price changes for an identical or similar equity instrument of the same issuer, and determined that no material adjustment in the carrying value was required for the three or six months ended June 30, 2019 and 2018.

Our deferred compensation plan equity instruments are valued based upon quoted market prices. The investments have a matching liability as the amounts are fully payable to the employees that earned the compensation. Changes in value of these securities and changes to the matching liability to employees are both recognized in earnings and, as a result, there is no impact to consolidated net income.

At June 30, 2019 and December 31, 2018, we held debt securities of \$49.8 million and \$40.1 million, respectively, in our captive insurance subsidiary. The types of securities included in the investment portfolio of our captive insurance subsidiary are typically U.S. Treasury or other U.S. government securities as well as corporate debt securities with maturities ranging from less than one year to ten years. These securities are classified as available-for-sale and are valued based upon quoted market prices or other observable inputs when quoted market prices are not available. The amortized cost of debt securities, which approximates fair value, held by our captive insurance subsidiary is adjusted for amortization of premiums and accretion of discounts to maturity. Changes in the values of these securities are recognized in accumulated other comprehensive income (loss) until the gain or loss is realized or until any unrealized loss is deemed to be other-than-temporary. We review any declines in value of these securities

for other-than-temporary impairment and consider the severity and duration of any decline in value. To the extent an other-than-temporary impairment is deemed to have occurred, an impairment is recorded and a new cost basis is established.

Our captive insurance subsidiary is required to maintain statutory minimum capital and surplus as well as maintain a minimum liquidity ratio. Therefore, our access to these securities may be limited.

Fair Value Measurements

Level 1 fair value inputs are quoted prices for identical items in active, liquid and visible markets such as stock exchanges. Level 2 fair value inputs are observable information for similar items in active or inactive markets, and appropriately consider counterparty creditworthiness in the valuations. Level 3 fair value inputs reflect our best estimate of inputs and assumptions market participants would use in pricing an asset or liability at the measurement date. The inputs are unobservable in the market and significant to the valuation estimate. We have no investments for which fair value is measured on a recurring basis using Level 3 inputs.

The equity instruments with readily determinable fair values we held at June 30, 2019 and December 31, 2018 were primarily classified as having Level 1 and Level 2 fair value inputs. In addition, we had derivative instruments which were classified as having Level 2 inputs, which consist primarily of foreign currency forward contracts and interest rate swap agreements with a gross asset balance of \$12.9 million and \$10.9 million at June 30, 2019 and December 31, 2018, respectively, and a gross liability balance of \$4.0 million and \$6.2 million at June 30, 2019 and December 31, 2018, respectively.

Note 7 includes a discussion of the fair value of debt measured using Level 2 inputs. Level 3 inputs to our purchase accounting and impairment analyses include our estimations of net operating results of the property, capitalization rates and discount rates.

Noncontrolling Interests

Simon

Details of the carrying amount of our noncontrolling interests are as follows:

	As of June 30, 2019	As of December 31, 2018
Limited partners' interests in the Operating Partnership	\$ 436,973	\$ 492,877
Nonredeemable noncontrolling interests in properties, net.	7,034	7,398
Total noncontrolling interests reflected in equity	\$ 444,007	\$ 500,275

Net income attributable to noncontrolling interests (which includes nonredeemable and redeemable noncontrolling interests in consolidated properties, limited partners' interests in the Operating Partnership and preferred distributions payable by the Operating Partnership on its outstanding preferred units) is a component of consolidated net income. In addition, the individual components of other comprehensive income (loss) are presented in the aggregate for both controlling and noncontrolling interests, with the portion attributable to noncontrolling interests deducted from comprehensive income attributable to common stockholders.

The Operating Partnership

Our evaluation of the appropriateness of classifying the Operating Partnership's common units of partnership interest, or units, held by Simon and the Operating Partnership's limited partners within permanent equity considered several significant factors. First, as a limited partnership, all decisions relating to the Operating Partnership's operations and distributions are made by Simon, acting as the Operating Partnership's sole general partner. The decisions of the general partner are made by Simon's Board of Directors or management. The Operating Partnership has no other governance structure. Secondly, the sole asset of Simon is its interest in the Operating Partnership. As a result, a share of common stock of Simon, or common stock, if owned by the Operating Partnership, is best characterized as being similar to a treasury share and thus not an asset of the Operating Partnership.

Limited partners of the Operating Partnership have the right under the Operating Partnership's partnership agreement to exchange their units for shares of common stock or cash, as selected by Simon as the sole general partner. Accordingly, we classify units held by limited partners in permanent equity because Simon may elect to issue shares of common stock to limited partners exercising their exchange rights rather than using cash. Under the Operating Partnership's partnership agreement, the Operating Partnership is required to redeem units held by Simon only when Simon has repurchased shares of common stock. We classify units held by Simon in permanent equity because the decision to redeem those units would be made by Simon.

Net income attributable to noncontrolling interests (which includes nonredeemable and redeemable noncontrolling interests in consolidated properties) is a component of consolidated net income.

Derivative Financial Instruments

We record all derivatives on our consolidated balance sheets at fair value. The accounting for changes in the fair value of derivatives depends on the intended use of the derivative, whether we have designated a derivative as a hedge and whether the hedging relationship has satisfied the criteria necessary to apply hedge accounting. We may use a variety of derivative financial instruments in the normal course of business to selectively manage or hedge a portion of the risks associated with our indebtedness and interest payments. Our objectives in using interest rate derivatives are to add stability to interest expense and to manage our exposure to interest rate movements. To accomplish this objective, we primarily use interest rate swaps and caps. We require that hedging derivative instruments be highly effective in reducing the risk exposure that they are designated to hedge. We formally designate any instrument that meets these hedging criteria as a hedge at the inception of the derivative contract.

As of June 30, 2019 and December 31, 2018, we had no outstanding interest rate derivatives. We generally do not apply hedge accounting to interest rate caps, which had a nominal value as of June 30, 2019 and December 31, 2018, respectively.

We are also exposed to fluctuations in foreign exchange rates on financial instruments which are denominated in foreign currencies, primarily in Yen and Euro. We use currency forward contracts, cross currency swap contracts and foreign currency denominated debt to manage our exposure to changes in foreign exchange rates on certain Yen and Euro-denominated receivables and net investments. Currency forward contracts involve fixing the Yen:USD or Euro:USD exchange rate for delivery of a specified amount of foreign currency on a specified date. The currency forward contracts are typically cash settled in U.S. dollars for their fair value at or close to their settlement date.

We had the following Euro:USD forward contracts designated as net investment hedges at June 30, 2019 and December 31, 2018 (in millions):

<u>Notional Value</u>	<u>Maturity Date</u>	<u>Asset (Liability) Value as of</u>	
		<u>June 30, 2019</u>	<u>December 31, 2018</u>
€ 50.0	May 15, 2019	—	(0.8)
€ 50.0	May 15, 2020	—	(1.5)
€ 50.0	May 14, 2021	(0.3)	(2.0)

Asset balances in the above table are included in deferred costs and other assets. Liability balances in the above table are included in other liabilities.

We use a Euro-denominated cross-currency swap agreement to manage our exposure to changes in foreign exchange rates by swapping \$150.0 million of 4.38% fixed rate U.S. dollar-denominated debt to 1.37% fixed rate Euro-denominated debt of €121.6 million. The cross-currency swap matures on December 1, 2020. The fair value of our cross-currency swap agreement at June 30, 2019 was \$12.9 million and is included in deferred costs and other assets. We use a Yen-denominated cross-currency swap agreement designated as a net investment hedge to manage our exposure to changes in foreign exchange rates by swapping \$200.1 million of 4.38% fixed rate U.S. dollar-denominated debt to ¥22.3 billion of 1.19% fixed rate Yen-denominated debt. The cross-currency swap matures on December 1, 2020. The fair value of our cross-currency swap agreement at June 30, 2019 was \$3.7 million and is included in other liabilities.

We have designated the currency forward contracts and cross-currency swaps as net investment hedges. Accordingly, we report the changes in fair value in other comprehensive income (loss). Changes in the value of these forward contracts are offset by changes in the underlying hedged Euro or Yen-denominated joint venture investment.

The total gross accumulated other comprehensive income related to the Operating Partnership's derivative activities, including our share of the other comprehensive income from unconsolidated entities, approximated \$42.4 million and \$37.9 million as of June 30, 2019 and December 31, 2018, respectively.

New Accounting Pronouncements

In February 2016, the Financial Accounting Standards Board (FASB) issued ASU 2016-02, "Leases," codified as Accounting Standards Codification (ASC) 842, which results in lessees recognizing most leased assets and corresponding lease liabilities on the balance sheet. Lessor accounting remains substantially similar to the previous accounting; however, certain refinements were made to conform the standard with the recently issued revenue recognition guidance in ASU 2014-09, "Revenue From Contracts With Customers", specifically related to the allocation and recognition of contract consideration earned from lease and non-lease revenue components. ASC 842 also limits the capitalization of leasing costs to initial direct costs, which, if applied in 2018, would have reduced our capitalized leasing costs and correspondingly increased expenses by approximately \$45 million, of which \$11.0 million and \$22.3 million related to the three and six months ended June 30, 2018, respectively.

Substantially all of our revenues and the revenues of our equity method investments are earned from arrangements that are within the scope of ASC 842. On July 30, 2018, the FASB issued ASU 2018-11, also codified as ASC 842, which created a practical expedient that provides lessors an option not to separate lease and non-lease components when certain criteria are met and instead account for those components as a single lease component. We determined that our lease arrangements meet the criteria under the practical expedient to account for lease and non-lease components as a single lease component, which alleviates the requirement upon adoption of ASC 842 that we reallocate or separately present consideration from lease and non-lease components. On January 1, 2019, we began recognizing consideration received from fixed common area maintenance arrangements on a straight-line basis as this consideration is attributed to the lease component.

We, as a lessor, retain substantially all of the risks and benefits of ownership of the investment properties and continue to account for our leases as operating leases. We accrue fixed lease income on a straight-line basis over the terms of the leases. Substantially all of our retail tenants are also required to pay overage rents based on sales over a stated base amount during the lease year. We recognize this variable lease consideration only when each tenant's sales exceed the applicable sales threshold. We amortize any tenant inducements as a reduction of revenue utilizing the straight-line method over the term of the related lease or occupancy term of the tenant, if shorter.

We structure our leases to allow us to recover a significant portion of our property operating, real estate taxes, repairs and maintenance, and advertising and promotion expenses from our tenants. A substantial portion of our leases, other than those for anchor stores, require the tenant to reimburse us for a substantial portion of our operating expenses, including common area maintenance, or CAM, real estate taxes and insurance. This significantly reduces our exposure to increases in costs and operating expenses resulting from inflation or otherwise. Such property operating expenses typically include utility, insurance, security, janitorial, landscaping, food court and other administrative expenses. For substantially all of our leases in the U.S. mall portfolio, we receive a fixed payment from the tenant for the CAM component which is recognized as revenue on a straight-line basis over the term of the lease. When not reimbursed by the fixed-CAM component, CAM expense reimbursements are based on the tenant's proportionate share of the allocable operating expenses and CAM capital expenditures for the property. We accrue reimbursements from tenants for recoverable portions of all of these expenses as variable lease consideration in the period the applicable expenditures are incurred. We recognize differences between estimated recoveries and the final billed amounts in the subsequent year. These differences were not material in any period presented. Our advertising and promotional costs are expensed as incurred. Provisions for credit losses are recognized as a reduction of lease income. Refer to note 9 for further disclosure of lease income.

Minimum fixed lease consideration under non-cancelable tenant operating leases for each of the next five years and thereafter, excluding variable lease consideration, for the years ending December 31, as of June 30, 2019, is as follows:

2019	\$ 3,651,178
2020	3,392,090
2021	3,031,609
2022	2,638,397
2023	2,176,031
Thereafter	5,817,996
	<u>\$ 20,707,301</u>

and where indicated in millions or billions)

Further, ASC 842 requires recognition on our consolidated balance sheets of leases of land and other arrangements where we are the lessee. Upon adoption on January 1, 2019, we recognized a right of use asset and corresponding lease liability of \$524.0 million representing the present value of future lease payments required under our lessee arrangements. We utilized lease terms ranging from 2019 to 2090 including periods for which exercising an extension option is reasonably assured, and discount rates from 3.97% to 5.52% when determining the present value of future lease payments. All of our existing lessee arrangements upon adoption continue to be classified as operating leases and the pattern of lease expense recognition will be unchanged. Refer to note 10 for further disclosure regarding ground leases recognized as a result of the adoption of ASC 842.

In June 2016, the FASB issued ASU 2016-13, "Financial Instruments - Credit Losses," which introduced new guidance for an approach based on expected losses to estimate credit losses on certain types of financial instruments. It also modifies the impairment model for available-for-sale debt securities and provides for a simplified accounting model for purchased financial assets with credit deterioration since their origination. Instruments in scope include loans, held-to-maturity debt securities, and net investments in leases as well as reinsurance and trade receivables. In November 2018, the FASB issued ASU 2018-19, which clarifies that operating lease receivables are outside the scope of the new standard. This standard will be effective for us in fiscal years beginning after December 15, 2019. We are currently evaluating the impact that the adoption of the new standard will have on our consolidated financial statements.

4. Real Estate Acquisitions and Dispositions

Unless otherwise noted, gains and losses on property transactions are included in gain on sale or disposal of, or recovery on, assets and interests in unconsolidated entities and impairment, net in the accompanying consolidated statements of operations and comprehensive income. We capitalize asset acquisition costs and expense costs related to business combinations, as well as disposition related costs as they are incurred. We incurred a minimal amount of transaction expenses during the three and six months ended June 30, 2019 and 2018.

On September 25, 2018, we acquired the remaining 50% interest in The Outlets at Orange from our joint venture partner. The Operating Partnership issued 475,183 units, or approximately \$84.1 million, as consideration for the acquisition. The property is subject to a \$215.0 million, 4.22% fixed rate mortgage. We accounted for this transaction as an asset acquisition and substantially all of our investment has been determined to relate to investment property.

During the first six months of 2018, we recorded net gains of \$144.9 million primarily related to our disposition activity which included the foreclosure of a consolidated property in satisfaction of its \$200 million non-recourse mortgage.

5. Per Share and Per Unit Data

We determine basic earnings per share and basic earnings per unit based on the weighted average number of shares of common stock or units, as applicable, outstanding during the period and we consider any participating securities for purposes of applying the two-class method. We determine diluted earnings per share and diluted earnings per unit based on the weighted average number of shares of common stock or units, as applicable, outstanding combined with the incremental weighted average number of shares or units, as applicable, that would have been outstanding assuming all potentially dilutive securities were converted into shares of common stock or units, as applicable, at the earliest date possible. The following tables set forth the components of basic and diluted earnings per share and basic and diluted earnings per unit.

6. Investment in Unconsolidated Entities and International Investments

Real Estate Joint Ventures and Investments

Joint ventures are common in the real estate industry. We use joint ventures to finance properties, develop new properties and diversify our risk in a particular property or portfolio of properties. As discussed in note 2, we held joint venture interests in 82 properties as of June 30, 2019.

Certain of our joint venture properties are subject to various rights of first refusal, buy-sell provisions, put and call rights, or other sale or marketing rights for partners which are customary in real estate joint venture agreements and the industry. We and our partners in these joint ventures may initiate these provisions (subject to any applicable lock up or similar restrictions), which may result in either the sale of our interest or the use of available cash or borrowings, or the use of limited partnership interests in the Operating Partnership, to acquire the joint venture interest from our partner.

We may provide financing to joint ventures primarily in the form of interest bearing construction loans. As of June 30, 2019 and December 31, 2018, we had construction loans and other advances to related parties totaling \$85.9 million and \$85.8 million, respectively, which are included in deferred costs and other assets in the accompanying consolidated balance sheets.

Unconsolidated Entity Transactions

During the first quarter of 2019, we disposed of our interests in a multi-family residential investment. Our share of the gross proceeds was \$17.3 million. The gain of \$15.6 million is included in other income in the accompanying consolidated statement of operations and comprehensive income.

On September 25, 2018, as discussed in note 4, we acquired the remaining 50% interest in The Outlets at Orange from our joint venture partner. The Operating Partnership issued 475,183 units at a price of \$176.99 to acquire this remaining interest. As a result of this acquisition, we now own 100% of this property.

As of June 30, 2019 and December 31, 2018, we had an 11.7% legal noncontrolling equity interest in HBS, a joint venture we formed with Hudson's Bay Company. Our share of net (loss) income, net of amortization of our excess investment, was (\$5.6) million and \$3.7 million for the three months ended June 30, 2019 and 2018, respectively, and (\$8.2) million and \$7.6 million for the six months ended June 30, 2019 and 2018, respectively. Total revenues, operating income and consolidated net (loss) income of HBS were approximately \$67.2 million, \$1.1 million and (\$22.1) million, respectively, for the six months ended June 30, 2019 and \$174.2 million, \$102.3 million and \$53.8 million, respectively, for the six months ended June 30, 2018.

On June 7, 2018, Aventura Mall, a property in which we own a 33.3% interest, refinanced its \$1.2 billion mortgage and its \$200.8 million construction loan with a \$1.75 billion mortgage at a fixed interest rate of 4.12% that matures on July 1, 2028. An early repayment charge of \$30.9 million was incurred at the property, which along with the write-off of deferred debt issuance costs of \$6.5 million, is included in interest expense in the accompanying combined joint venture statements of operations. Our \$12.5 million share of the charge associated with the repayment is included in income from unconsolidated entities in the accompanying consolidated statements of operations and comprehensive income. Excess proceeds from the financing were distributed to the venture partners in June 2018.

In May 2017, Colorado Mills, a property in which we have a 37.5% interest, sustained significant hail damage. During the second quarter of 2017, the property recorded an impairment charge of approximately \$32.5 million based on the net carrying value of the assets damaged, which was fully offset by anticipated insurance recoveries. As of June 30, 2018, the property had received business interruption proceeds and also property damage proceeds of \$58.3 million, which resulted in the property recording a \$25.8 million gain in 2018. Our share of the gain, \$9.7 million, is reflected within the gain upon acquisition of controlling interests, sale or disposal of, or recovery on, assets and interests in unconsolidated entities and impairment, net in the accompanying consolidated statements of operations and comprehensive income.

On September 15, 2016, we and a group of co-investors acquired certain assets and liabilities of Aéropostale, a retailer of apparel and accessories, out of bankruptcy. The interests were acquired through two separate joint ventures, a licensing venture and an operating venture. In April 2018, we contributed our entire interest in the licensing venture in exchange for additional interests in ABG, a brand development, marketing, and entertainment company. As a result, we recognized a \$35.6 million non-cash gain representing the increase in value of our previously held interest in the licensing venture, which is included in other income in the accompanying consolidated statements of operations and comprehensive income. At June 30, 2019, our noncontrolling equity method interests in the operations venture of Aéropostale and in ABG were 44.95% and 5.40%, respectively.

European Investments

At June 30, 2019, we owned 63,924,148 shares, or approximately 21.9%, of Klépierre, which had a quoted market price of \$33.52 per share. Our share of net income, net of amortization of our excess investment, was \$21.2 million and \$24.8 million for the three months ended June 30, 2019 and 2018, respectively, and \$39.0 million and \$47.7 million for the six months ended June 30, 2019 and 2018, respectively. Based on applicable Euro:USD exchange rates and after our conversion of Klépierre's results to GAAP, Klépierre's total revenues, operating income and consolidated net income were approximately \$760.2 million, \$318.5 million and \$276.6 million, respectively, for the six months ended June 30, 2019 and \$814.7 million, \$333.3 million and \$364.4 million, respectively, for the six months ended June 30, 2018.

During the six months ended June 30, 2019 and 2018, Klépierre completed the disposal of its interests in certain shopping centers. In connection with these disposals, we recorded gains of \$2.7 million and \$13.4 million, respectively, representing our

share of the gains recognized by Klépierre, which is included in gain on sale or disposal of, or recovery on, assets and interests in unconsolidated entities and impairment, net in the accompanying consolidated statements of operations and comprehensive income.

We have an interest in a European investee that had interests in nine Designer Outlet properties as of June 30, 2019 and December 31, 2018, respectively. As of June 30, 2019, our legal percentage ownership interests in these properties ranged from 45% to 94%.

In addition, we have a 50.0% noncontrolling interest in a European property management and development company that provides services to the Designer Outlet properties.

We also have minority interests in Value Retail PLC and affiliated entities, which own or have interests in and operate nine luxury outlets located throughout Europe and we also have a direct minority ownership in three of those outlets. At June 30, 2019 and December 31, 2018, the carrying value of these equity instruments without readily determinable fair values was \$140.8 million and is included in deferred costs and other assets.

Asian Joint Ventures

We conduct our international Premium Outlet operations in Japan through a joint venture with Mitsubishi Estate Co., Ltd. We have a 40% noncontrolling ownership interest in this joint venture. The carrying amount of our investment in this joint venture was \$200.9 million and \$232.1 million as of June 30, 2019 and December 31, 2018, respectively, including all related components of accumulated other comprehensive income (loss). We conduct our international Premium Outlet operations in South Korea through a joint venture with Shinsegae International Co. We have a 50% noncontrolling ownership interest in this joint venture. The carrying amount of our investment in this joint venture was \$162.3 million and \$166.3 million as of June 30, 2019 and December 31, 2018, respectively, including all related components of accumulated other comprehensive income (loss).

"Excess Investment" represents the unamortized difference of our investment over our share of the equity in the underlying net assets of the joint ventures or other investments acquired and has been determined to primarily relate to the fair value of the investment properties, intangible assets, and debt premiums and discounts. We amortize excess investment over the life of the related depreciable components of assets acquired, typically no greater than 40 years, the terms of the applicable leases, the estimated useful lives of the finite lived intangibles, and the applicable debt maturity, respectively. The amortization is included in the reported amount of income from unconsolidated entities.

7. Debt

Unsecured Debt

At June 30, 2019, our unsecured debt consisted of \$15.0 billion of senior unsecured notes of the Operating Partnership, \$125.0 million outstanding under the Operating Partnership's \$4.0 billion unsecured revolving credit facility, or Credit Facility, and \$1.4 billion outstanding under the Operating Partnership's global unsecured commercial paper note program, or Commercial Paper program.

On June 30, 2019, we had an aggregate available borrowing capacity of \$5.9 billion under the Credit Facility and the Operating Partnership's \$3.5 billion unsecured revolving credit facility, or Supplemental Facility, and together with the Credit Facility, the Credit Facilities. The maximum aggregate outstanding balance under the Credit Facilities during the six months ended June 30, 2019 was \$130.7 million and the weighted average outstanding balance was \$125.2 million. Letters of credit of \$11.3 million were outstanding under the Credit Facilities as of June 30, 2019.

The Credit Facility's initial borrowing capacity of \$4.0 billion may be increased to \$5.0 billion during its term and provides for borrowings denominated in U.S. dollars, Euro, Yen, Sterling, Canadian dollars and Australian dollars. Borrowings in currencies other than the U.S. dollar are limited to 95% of the maximum revolving credit amount, as defined. The initial maturity date of the Credit Facility is June 30, 2021 and can be extended for an additional year to June 30, 2022 at our sole option, subject to our continued compliance with the terms thereof. The base interest rate on the Credit Facility is LIBOR plus 77.5 basis points with a facility fee of 10 basis points.

The Supplemental Facility's initial borrowing capacity of \$3.5 billion may be increased to \$4.5 billion during its term and provides for borrowings denominated in U.S. dollars, Euro, Yen, Sterling, Canadian dollars and Australian dollars. The initial maturity date of the Supplemental Facility was extended to June 30, 2022 and can be extended for an additional year to June 30, 2023 at our sole option, subject to our continued compliance with the terms thereof. The base interest rate on the Supplemental Facility is LIBOR plus 77.5 basis points with a facility fee of 10 basis points.

The Operating Partnership also has available a Commercial Paper program of \$2.0 billion, or the non-U.S. dollar equivalent thereof. The Operating Partnership may issue unsecured commercial paper notes, denominated in U.S. dollars, Euro and other currencies. Notes issued in non-U.S. currencies may be issued by one or more subsidiaries of the Operating Partnership and are guaranteed by the Operating Partnership. Notes will be sold under customary terms in the U.S. and Euro commercial paper note markets and rank (either by themselves or as a result of the guarantee described above) *pari passu* with the Operating Partnership's other unsecured senior indebtedness. The Commercial Paper program is supported by the Credit Facilities and if necessary or appropriate, we may make one or more draws under either of the Credit Facilities to pay amounts outstanding from time to time on the Commercial Paper program. On June 30, 2019, we had \$1.4 billion outstanding under the Commercial Paper program, fully comprised of U.S. dollar-denominated notes with a weighted average interest rate of 2.47%. These borrowings have a weighted average maturity date of September 19, 2019 and reduce amounts otherwise available under the Credit Facilities.

On February 1, 2019, the Operating Partnership repaid at maturity \$600.0 million of senior unsecured notes with a fixed interest rate of 2.20%.

Mortgage Debt

Total mortgage indebtedness was \$6.8 billion at June 30, 2019 and December 31, 2018.

Covenants

Our unsecured debt agreements contain financial covenants and other non-financial covenants. If we were to fail to comply with these covenants, after the expiration of the applicable cure periods, the debt maturity could be accelerated or other remedies could be sought by the lender, including adjustments to the applicable interest rate. As of June 30, 2019, we were in compliance with all covenants of our unsecured debt.

At June 30, 2019, our consolidated subsidiaries were the borrowers under 45 non-recourse mortgage notes secured by mortgages on 48 properties, including two separate pools of cross-defaulted and cross-collateralized mortgages encumbering a total of five properties. Under these cross-default provisions, a default under any mortgage included in the cross-defaulted pool may constitute a default under all mortgages within that pool and may lead to acceleration of the indebtedness due on each property within the pool. Certain of our secured debt instruments contain financial and other non-financial covenants which are specific to the properties that serve as collateral for that debt. If the applicable borrower under these non-recourse mortgage notes were to fail to comply with these covenants, the lender could accelerate the debt and enforce its rights against their collateral. At June 30, 2019, the applicable borrowers under these non-recourse mortgage notes were in compliance with all covenants where non-compliance could individually or in the aggregate, giving effect to applicable cross-default provisions, have a material adverse effect on our financial condition, liquidity or results of operations.

Fair Value of Debt

The carrying value of our variable-rate mortgages and other loans approximates their fair values. We estimate the fair values of consolidated fixed rate mortgages using cash flows discounted at current borrowing rates and other indebtedness using cash flows discounted at current market rates. We estimate the fair values of consolidated fixed rate unsecured notes using quoted market prices, or, if no quoted market prices are available, we use quoted market prices for securities with similar terms and maturities. The book value of our consolidated fixed rate mortgages and unsecured indebtedness including commercial paper was \$22.4 billion as of June 30, 2019 and December 31, 2018. The fair values of these financial instruments and the related discount rate assumptions as of June 30, 2019 and December 31, 2018 are summarized as follows:

	<u>June 30, 2019</u>	<u>December 31, 2018</u>
Fair value of consolidated fixed rate mortgages and unsecured indebtedness	\$ 23,318	\$ 22,323
Weighted average discount rates assumed in calculation of fair value for fixed rate mortgages	3.83 %	4.55 %
Weighted average discount rates assumed in calculation of fair value for unsecured indebtedness	3.78 %	4.50 %

8. Equity

During the six months ended June 30, 2019, Simon issued 24,000 shares of common stock to a limited partner of the Operating Partnership in exchange for an equal number of units pursuant to the partnership agreement of the Operating Partnership. During the six months ended June 30, 2019, the Operating Partnership redeemed 774 units from three limited partners for \$0.1 million. These transactions increased Simon's ownership interest in the Operating Partnership.

On February 13, 2017, Simon's Board of Directors authorized a two-year extension of the previously authorized \$2.0 billion common stock repurchase plan through March 31, 2019. On February 11, 2019, Simon's Board of Directors authorized a new common stock repurchase plan. Under the new plan, Simon may repurchase up to \$2.0 billion of its common stock during the two-year period ending February 11, 2021 in the open market or in privately negotiated transactions as market conditions warrant. During the six months ended June 30, 2019, Simon purchased 1,092,957 shares at an average price of \$165.84 per share, of which 46,377 shares at an average price of \$164.49 were purchased as part of the previous program. In July 2019, Simon purchased 633,780 shares at an average price of \$157.78 per share. During the six months ended June 30, 2018, Simon purchased 1,988,247 shares at an average price of \$154.56 per share as part of the previous program. As Simon repurchases shares under these programs, the Operating Partnership repurchases an equal number of units from Simon.

We paid a common stock dividend of \$2.05 per share in the second quarter of 2019 and \$4.10 per share for the six months ended June 30, 2019. The Operating Partnership paid distributions per unit for the same amounts. We paid dividends of \$1.95 and \$3.90 per share for the three and six months ended June 30, 2018. The Operating Partnership paid distributions per unit for

the same amounts. Simon's Board of Directors declared a quarterly cash dividend for the third quarter of 2019 of \$2.10 per share of common stock payable on August 30, 2019 to stockholders of record on August 16, 2019. The distribution rate on units is equal to the dividend rate on common stock.

Temporary Equity

Simon

Simon classifies as temporary equity those securities for which there is the possibility that Simon could be required to redeem the security for cash irrespective of the probability of such a possibility. As a result, Simon classifies one series of preferred units in the Operating Partnership and noncontrolling redeemable interests in properties in temporary equity. Each of these securities is discussed further below.

Limited Partners' Preferred Interest in the Operating Partnership and Noncontrolling Redeemable Interests in Properties. The redemption features of the preferred units in the Operating Partnership contain provisions which could require the Operating Partnership to settle the redemption in cash. As a result, this series of preferred units in the Operating Partnership remains classified outside permanent equity. The remaining interests in a property or portfolio of properties which are redeemable at the option of the holder or in circumstances that may be outside Simon's control are accounted for as temporary equity. The carrying amount of the noncontrolling interest is adjusted to the redemption amount assuming the instrument is redeemable at the balance sheet date. Changes in the redemption value of the underlying noncontrolling interest are recorded within accumulated deficit in the consolidated statements of equity in issuance of unit equivalents and other. There were no noncontrolling interests redeemable at amounts in excess of fair value as of June 30, 2019 and December 31, 2018. The following table summarizes the preferred units in the Operating Partnership and the amount of the noncontrolling redeemable interests in properties as follows:

	As of June 30, 2019	As of December 31, 2018
7.50% Cumulative Redeemable Preferred Units, 260,000 units authorized, 255,373 issued and outstanding	\$ 25,537	\$ 25,537
Other noncontrolling redeemable interests in properties	205,788	204,626
Limited partners' preferred interest in the Operating Partnership and noncontrolling redeemable interests in properties	<u>\$ 231,325</u>	<u>\$ 230,163</u>

The Operating Partnership

The Operating Partnership classifies as temporary equity those securities for which there is the possibility that the Operating Partnership could be required to redeem the security for cash, irrespective of the probability of such a possibility. As a result, the Operating Partnership classifies one series of preferred units and noncontrolling redeemable interests in properties in temporary equity. The following table summarizes the preferred units and the amount of the noncontrolling redeemable interests in properties as follows:

	As of June 30, 2019	As of December 31, 2018
7.50% Cumulative Redeemable Preferred Units, 260,000 units authorized, 255,373 issued and outstanding	\$ 25,537	\$ 25,537

Stock Based Compensation

Awards under our stock based compensation plans primarily take the form of LTIP unit and restricted stock grants. Restricted stock and awards under the LTIP programs contain both market and performance conditions, which are based on various individual, corporate and business unit performance measures as further described below. The expense related to these programs, net of amounts capitalized, is included within home and regional office costs and general and administrative costs in the accompanying statements of operations and comprehensive income.

LTIP Programs. The Compensation Committee has approved long-term, performance based incentive compensation programs, or the LTIP programs, for certain senior employees. Awards under the LTIP programs take the form of LTIP units, a form of limited partnership interest issued by the Operating Partnership, which are subject to the participant maintaining employment with us through certain dates and other conditions as described in the applicable award agreements. Awarded LTIP units not earned in accordance with the conditions set forth in the applicable award agreements are forfeited. Earned and fully vested LTIP units are equivalent to units of the Operating Partnership. During the performance period, participants are entitled to receive distributions on the LTIP units awarded to them equal to 10% of the regular quarterly distributions paid on a unit of the Operating Partnership. As a result, we account for these LTIP units as participating securities under the two-class method of computing earnings per share.

In 2019, the Compensation Committee established and granted awards under a redesigned LTIP program, or the 2019 LTIP program. Awards under the 2019 LTIP program will be considered earned if, and only to the extent to which, the respective performance conditions (based on Funds From Operations, or FFO, per share, and Objective Criteria Goals) and market conditions (based on Relative TSR performance), as defined in the applicable award agreements, are achieved during the applicable three-year measurement period, subject to the recipient's continued employment through the vesting date. All of the earned LTIP units under the 2019 LTIP program will vest on January 1, 2023. The 2019 LTIP program provides that the amount earned of the performance-based portion of the awards is dependent on Simon's performance compared to certain criteria and has a maximum potential fair value at issuance of \$22.1 million.

The grant date fair values of any LTIP units for market-based awards are estimated using a Monte Carlo model, and the resulting fixed expense is recorded regardless of whether the market condition criteria are achieved if the required service is delivered. The grant date fair values of the market-based awards are being amortized into expense over the period from the grant date to the date at which the awards, if earned, would become vested. The level of expense of the performance-based award is recorded over the period from the grant date to the date at which the awards, if earned, would become vested, based on our assessment as to whether it is probable that the performance criteria will be achieved during the applicable performance periods.

The Compensation Committee approved LTIP unit grants as shown in the table below. The extent to which LTIP units were earned, and the aggregate grant date fair value, are as follows:

<u>LTIP Program</u>	<u>LTIP Units Earned</u>	<u>Grant Date Fair Value of TSR Award</u>	<u>Grant Date Target Value of Performance-Based Awards</u>
2014-2016 LTIP program	120,314	\$27.5 million	—
2015-2017 LTIP program	—	\$21.6 million	—
2016-2018 LTIP program	—	\$22.7 million	—
2018 LTIP program - Tranche A	To be determined in 2020	\$6.1 million	\$6.1 million
2018 LTIP program - Tranche B	To be determined in 2021	\$6.1 million	\$6.1 million
2019 LTIP program	To be determined in 2022	\$9.5 million	\$14.7 million

We recorded compensation expense, net of capitalization, related to these LTIP programs of approximately \$8.1 million and \$8.6 million for the six months ended June 30, 2019 and 2018, respectively.

Restricted Stock. The Compensation Committee awarded 82,969 shares of restricted stock to employees during the six months ended June 30, 2019 at a weighted-average fair market value of \$182.21 per share. During the six months ended June 30, 2019, our non-employee Directors were awarded 10,644 shares of restricted stock at a weighted average fair market value of \$174.03 per share. These shares represent a portion of the compensation we pay our non-employee Directors, and all of the shares have been placed in a non-employee Director deferred compensation account maintained by us. The grant date fair value of the employee restricted stock awards is being recognized as expense over the three-year vesting service period. The grant date fair value of the non-employee Director restricted stock awards is being recognized as expense over the one-year vesting service period. In accordance with the Operating Partnership's partnership agreement, the Operating Partnership issued an equal number of units to Simon that are subject to the same vesting conditions as the restricted stock.

We recorded compensation expense, net of capitalization, related to restricted stock of approximately \$3.8 million and \$4.0 million for the six months ended June 30, 2019 and 2018, respectively.

Other Compensation Arrangements. On July 6, 2011, in connection with the execution of an employment agreement, the Compensation Committee granted David Simon, Simon's Chairman, Chief Executive Officer and President, a retention award in the form of 1,000,000 LTIP units, or the Award, for his continued service through July 5, 2019. Effective December 31, 2013, the Award was modified, or the Current Award, and as a result the LTIP units would become earned and eligible to vest based on the attainment of Company-based performance goals, in addition to the service-based vesting requirement included in the original Award. The Current Award does not contain an opportunity for Mr. Simon to receive additional LTIP units above and beyond the original Award should our performance exceed the higher end of the performance criteria. The performance criteria of the Current Award are based on the attainment of specific FFO per share goals. Because the performance criteria has been met, a maximum of 360,000 LTIP units, or the A units, 360,000 LTIP units, or the B units, and 280,000 LTIP units, or the C units, became earned on December 31, 2015, December 31, 2016 and December 31, 2017, respectively. If the relevant performance criteria had not been achieved, all or a portion of the Current Award would have been forfeited. The earned A units vested on January 1, 2018, earned B units vested on January 1, 2019 and earned C units vested on June 30, 2019. The grant date fair value of the retention award of \$120.3 million was recognized as expense over the eight-year term of his employment agreement on a straight-line basis based on the applicable vesting periods of the A units, B units and C units.

9. Lease Income

As discussed in note 3, fixed lease income under our operating leases includes fixed minimum lease consideration and fixed CAM reimbursements which are accrued on a straight-line basis over the terms of the leases. Variable lease income includes consideration based on sales, as well as reimbursements for real estate taxes, utilities, marketing, and certain other items.

10. Commitments and Contingencies

Litigation

We are involved from time-to-time in various legal and regulatory proceedings that arise in the ordinary course of our business, including, but not limited to, commercial disputes, environmental matters, and litigation in connection with transactions such as acquisitions and divestitures. We believe that current proceedings will not have a material adverse effect on our financial condition, liquidity, or results of operations. We record a liability when a loss is considered probable and the amount can be reasonably estimated.

During the first quarter of 2019, we settled a lawsuit with our former insurance broker, Aon Risk Services Central Inc., related to the significant flood damage sustained at Opry Mills in May 2010. In accordance with a previous agreement with the prior co-investor in Opry Mills, a portion of the settlement was remitted to the co-investor. Our share of the settlement was approximately \$68.0 million, which was recorded as other income in the accompanying consolidated statement of operations and comprehensive income.

Lease Commitments

As of June 30, 2019, a total of 23 of our consolidated properties are subject to ground leases. The termination dates of these ground leases range from 2019 to 2090, including periods for which exercising an extension option is reasonably assured. These ground leases generally require us to make fixed annual rental payments, or a fixed annual rental payment plus a percentage rent component based upon the revenues or total sales of the property. In addition, we have several regional office locations that are subject to leases with termination dates ranging from 2019 to 2028. These office leases generally require us to make fixed annual rental payments plus pay our share of common area, real estate, and utility expenses. Some of our ground and office leases include escalation clauses. All of our lease arrangements are classified as operating leases. We incurred ground lease expense and office lease expense, which are included in other expense and home office and regional expense, respectively, as follows:

	For the Three Months Ended June 30, 2019	For the Six Months Ended June 30, 2019
Lease Cost		
Operating lease cost	\$ 7,943	\$ 15,108
Variable lease cost	4,186	8,330
Sublease income	(167)	(334)
Total lease cost	\$ 11,962	\$ 23,104

For the three and six months ended June 30, 2018, we incurred \$11,302 and \$23,427 of lease expense, respectively.

	For the Six Months Ended June 30, 2019
Other Information	
Cash paid for amounts included in the measurement of lease liabilities	
Operating cash flows from operating leases	\$ 24,172
Weighted-average remaining lease term - operating leases	36.0 years

Minimum lease payments due under these leases for years ending December 31, excluding applicable extension options and renewal options unless reasonably certain of exercise and any sublease income, are as follows:

2019	\$ 32,444
2020	32,438
2021	32,440
2022	32,451
2023	32,583

Operating lease liabilities	<u>\$ 520,593</u>

Lease liabilities are included within other liabilities in the consolidated balance sheet. Right of use assets are included within deferred costs and other assets in the consolidated balance sheet.

Guarantees of Indebtedness

Joint venture debt is the liability of the joint venture and is typically secured by the joint venture property, which is non-recourse to us. As of June 30, 2019 and December 31, 2018, the Operating Partnership guaranteed joint venture related mortgage indebtedness of \$216.1 million (of which we have a right of recovery from our venture partners of \$10.8 million). Mortgages guaranteed by the Operating Partnership are secured by the property of the joint venture which could be sold in order to satisfy the outstanding obligation and which has an estimated fair value in excess of the guaranteed amount.

Concentration of Credit Risk

Our U.S. Malls, Premium Outlets, and The Mills rely upon anchor tenants to attract customers; however, anchors do not contribute materially to our financial results as many anchors own their spaces. All material operations are within the United States and no customer or tenant accounts for 5% or more of our consolidated revenues.

Hurricane Impacts

During the third quarter of 2017, our two wholly-owned properties located in Puerto Rico sustained significant damage as a result of Hurricane Maria. Since the date of the loss, we have received \$68.3 million of insurance proceeds from third-party carriers related to the two properties located in Puerto Rico, of which \$42.7 million was used for property restoration and remediation and to reduce the insurance recovery receivable. During the three and six months ended June 30, 2019, we recorded \$3.2 million and \$7.6 million, respectively, as business interruption proceeds in other income in the accompanying consolidated statements of operations and comprehensive income.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the consolidated financial statements and notes thereto included in this report.

Overview

Simon Property Group, Inc. is a Delaware corporation that operates as a self-administered and self-managed real estate investment trust, or REIT, under the Internal Revenue Code of 1986, as amended, or the Internal Revenue Code. REITs will generally not be liable for U.S. federal corporate income taxes as long as they distribute not less than 100% of their REIT taxable income. Simon Property Group, L.P. is our majority-owned Delaware partnership subsidiary that owns all of our real estate properties and other assets. According to the Operating Partnership's partnership agreement, the Operating Partnership is required to pay all expenses of Simon. Unless stated otherwise or the context otherwise requires, references to "Simon" mean Simon Property Group, Inc. and references to the "Operating Partnership" mean Simon Property Group, L.P. References to "we," "us" and "our" mean collectively Simon, the Operating Partnership and those entities/subsidiaries owned or controlled by Simon and/or the Operating Partnership.

We own, develop and manage premier shopping, dining, entertainment and mixed-use destinations, which consist primarily of malls, Premium Outlets[®], and The Mills[®]. As of June 30, 2019, we owned or held an interest in 206 income-producing properties in the United States, which consisted of 107 malls, 69 Premium Outlets, 14 Mills, four lifestyle centers, and 12 other retail properties in 37 states and Puerto Rico. In addition, we have redevelopment and expansion projects, including the addition of anchors, big box tenants, and restaurants, underway at properties in the United States, Canada, Asia and Europe. Internationally, as of June 30, 2019, we had ownership in 29 Premium Outlets and Designer Outlet properties primarily located in Asia, Europe, and Canada. We also have four international outlet properties under development. As of June 30, 2019, we also owned a 21.9% equity stake in Klépierre SA, or Klépierre, a publicly traded, Paris-based real estate company which owns, or has an interest in, shopping centers located in 16 countries in Europe.

We generate the majority of our lease income from retail tenants including consideration received from:

- fixed minimum lease consideration and fixed common area maintenance (CAM) reimbursements, and
- variable lease consideration primarily based on tenants' sales.

Revenues of our management company, after intercompany eliminations, consist primarily of management fees that are typically based upon the revenues of the property being managed.

We invest in real estate properties to maximize total financial return which includes both operating cash flows and capital appreciation. We seek growth in earnings, funds from operations, or FFO, and cash flows by enhancing the profitability and operation of our properties and investments. We seek to accomplish this growth through the following:

- attracting and retaining high quality tenants and utilizing economies of scale to reduce operating expenses,
- expanding and re-tenanting existing highly productive locations at competitive rental rates,
- selectively acquiring or increasing our interests in high quality real estate assets or portfolios of assets,
- generating consumer traffic in our retail properties through marketing initiatives and strategic corporate alliances, and
- selling selective non-core assets.

We also grow by generating supplemental revenues from the following activities:

- establishing our malls as leading market resource providers for retailers and other businesses and consumer-focused corporate alliances, including payment systems (such as handling fees relating to the sales of bank-issued prepaid cards), national marketing alliances, static and digital media initiatives, business development, sponsorship, and events,
- offering property operating services to our tenants and others, including waste handling and facility services, and the provision of energy services,
- selling or leasing land adjacent to our properties, commonly referred to as "outlots" or "outparcels," and
- generating interest income on cash deposits and investments in loans, including those made to related entities.

We focus on high quality real estate across the retail real estate spectrum. We expand or redevelop properties to enhance profitability and market share of existing assets when we believe the investment of our capital meets our risk-reward criteria. We selectively develop new properties in markets we believe are not adequately served by existing retail outlet properties.

We routinely review and evaluate acquisition opportunities based on their ability to enhance our portfolio. Our international strategy includes partnering with established real estate companies and financing international investments with local currency to minimize foreign exchange risk.

To support our growth, we employ a three-fold capital strategy:

- provide the capital necessary to fund growth,
- maintain sufficient flexibility to access capital in many forms, both public and private, and
- manage our overall financial structure in a fashion that preserves our investment grade credit ratings.

We consider FFO, net operating income, or NOI, portfolio NOI and comparable property NOI (NOI for properties owned and operated in both periods under comparison) to be key measures of operating performance that are not specifically defined by accounting principles generally accepted in the United States, or GAAP. We use these measures internally to evaluate the operating performance of our portfolio and provide a basis for comparison with other real estate companies. Reconciliations of these measures to the most comparable GAAP measure are included below in this discussion.

Results Overview

Diluted earnings per share and diluted earnings per unit decreased \$0.39 during the first six months of 2019 to \$3.38 from \$3.77 for the same period last year. The decrease in diluted earnings per share and diluted earnings per unit was primarily attributable to:

- 2018 net gains primarily related to disposition activity of \$144.9 million, or \$0.41 per diluted share/unit,
- a non-cash investment gain of \$35.6 million, or \$0.10 per diluted share/unit, in 2018,
- decreased consolidated lease settlement activity in 2019 of \$26.8 million, or \$0.08 per diluted share/unit, and
- decreased income related to distributions from an international investment in 2018 of \$18.6 million, or \$0.05 per diluted share/unit, partially offset by
- improved operating performance and solid core business fundamentals in 2019 and the impact of our acquisition, development and expansion activity,
- a lawsuit settled with our former insurance broker in 2019 related to the significant flood damage sustained at Opry Mills in May 2010 of \$68.0 million, or \$0.19 per diluted share/unit,
- a gain in 2019 related to the disposition of our interest in a multi-family residential investment of \$15.6 million, or \$0.04 per diluted share/unit,
- our share of an early repayment charge and write-off of deferred debt issuance costs in 2018 related to refinancing at Aventura Mall, of \$12.5 million, or \$0.03 per diluted share/unit, and
- decreased interest expense in 2019 of \$14.9 million, or \$0.04 per diluted share/unit.

Solid core business fundamentals during the first six months of 2019 were primarily driven by strong leasing activity. Portfolio NOI grew 1.7% for the six month period in 2019 over the prior year period. Comparable property NOI grew 1.8% for our portfolio of U.S. Malls, Premium Outlets, and The Mills. Total sales per square foot, or psf, increased from \$646 psf at June 30, 2018 to \$669 psf, or 3.5%, at June 30, 2019, for our U.S. Malls and Premium Outlets. Average base minimum rent for U.S. Malls and Premium Outlets increased 1.3% to \$54.52 psf as of June 30, 2019, from \$53.84 psf as of June 30, 2018. Leasing spreads in our U.S. Malls and Premium Outlets were favorable as we were able to lease available square feet at higher rents, resulting in an open/close leasing spread (based on total tenant payments — base minimum rent plus common area maintenance) of \$16.53 psf (\$67.76 openings compared to \$51.23 closings) as of June 30, 2019, representing a 32.3% increase. Ending occupancy for our U.S. Malls and Premium Outlets decreased 0.3% to 94.4% as of June 30, 2019, from 94.7% as of June 30, 2018.

Our effective overall borrowing rate at June 30, 2019 on our consolidated indebtedness increased two basis points to 3.34% as compared to 3.32% at June 30, 2018. This increase was primarily due to an increase in the effective overall borrowing rate on variable rate debt of 58 basis points (3.01% at June 30, 2019 as compared to 2.43% at June 30, 2018) combined with an increase in the effective overall borrowing rate on fixed rate debt of one basis point (3.37% at June 30, 2019 as compared to 3.36% at June 30, 2018), partially offset by a decrease in the amount of our variable rate debt. The weighted average years to maturity of our

consolidated indebtedness was 6.0 years and 6.4 years at June 30, 2019 and December 31, 2018, respectively. Our financing activity for the six months ended June 30, 2019 included:

- Increasing our borrowings under the Operating Partnership's global unsecured commercial paper note program, or the Commercial Paper program, by \$659.5 million through the issuance of U.S. dollar denominated notes.
- Repaying at maturity \$600.0 million of senior unsecured notes with a fixed interest rate of 2.20% on February 1, 2019.

United States Portfolio Data

The portfolio data discussed in this overview includes the following key operating statistics: ending occupancy, average base minimum rent per square foot, and total sales per square foot for our domestic assets. We include acquired properties in this data beginning in the year of acquisition and remove disposed properties in the year of disposition. For comparative purposes, we separate the information related to The Mills from our other U.S. operations. We also do not include any information for properties located outside the United States.

The following table sets forth these key operating statistics for the combined U.S. Malls and Premium Outlets:

- properties that are consolidated in our consolidated financial statements,
- properties we account for under the equity method of accounting as joint ventures, and
- the foregoing two categories of properties on a total portfolio basis.

(1) Percentages may not recalculate due to rounding. Percentage and basis point changes are representative of the change from the comparable prior period.

Ending Occupancy Levels and Average Base Minimum Rent per Square Foot. Ending occupancy is the percentage of gross leasable area, or GLA, which is leased as of the last day of the reporting period. We include all company owned space except for mall anchors, mall majors, mall freestanding and mall outlots in the calculation. Base minimum rent per square foot is the average base minimum rent charge in effect for the reporting period for all tenants that would qualify to be included in ending occupancy.

Total Sales per Square Foot. Total sales include total reported retail tenant sales on a trailing 12-month basis at owned GLA (for mall stores with less than 10,000 square feet) in the U.S. Malls and The Mills and stores with less than 20,000 square feet in the Premium Outlets. Retail sales at owned GLA affect revenue and profitability levels because sales determine the amount of minimum rent that can be charged, the percentage rent realized, and the recoverable expenses (common area maintenance, real estate taxes, etc.) that tenants can afford to pay.

Current Leasing Activities

During the six months ended June 30, 2019, we signed 464 new leases and 496 renewal leases (excluding mall anchors and majors, new development, redevelopment and leases with terms of one year or less) with a fixed minimum rent across our

U.S. Malls and Premium Outlets portfolio, comprising approximately 3.0 million square feet, of which 2.3 million square feet related to consolidated properties. During the comparable period in 2018, we signed 507 new leases and 514 renewal leases with a fixed minimum rent, comprising approximately 3.4 million square feet, of which 2.4 million square feet related to consolidated properties. The average annual initial base minimum rent for new leases was \$63.25 per square foot in 2019 and \$54.79 per square foot in 2018 with an average tenant allowance on new leases of \$52.12 per square foot and \$49.58 per square foot, respectively.

Japan Data

The following are selected key operating statistics for our Premium Outlets in Japan. The information used to prepare these statistics has been supplied by the managing venture partner.

Results of Operations

The following acquisitions, dispositions and openings of consolidated properties affected our consolidated results in the comparative periods:

- On September 27, 2018, we opened Denver Premium Outlets, a 330,000 square foot center in Thornton (Denver), Colorado. We own a 100% interest in this center.
- On September 25, 2018, we acquired the remaining 50% interest in the previously unconsolidated The Outlets at Orange from our joint venture partner.
- During 2018, we disposed of two retail properties.

The following acquisitions, dispositions and openings of equity method investments and properties affected our income from unconsolidated entities in the comparative periods:

- On May 22, 2019, we opened Premium Outlets Querétaro, a 270,600 square foot center in Santiago de Querétaro, Mexico. We own a 50% interest in this center.
- During the fourth quarter of 2018, our interest in the 41 German department store properties owned through our investment in HBS Global Properties, or HBS, was sold.
- During 2018, we contributed our interest in the licensing venture of Aéropostale for additional interests in Authentic Brands Group LLC, or ABG. Our noncontrolling interest in ABG is 5.4%.
- On May 2, 2018, we and our partner opened Premium Outlet Collection Edmonton International Airport, a 424,000 square foot shopping center in Edmonton (Alberta), Canada. We have a 50% noncontrolling interest in this center.

For the purposes of the following comparison between the three months ended June 30, 2019 and 2018, the above transactions are referred to as the property transactions. In the following discussions of our results of operations, “comparable” refers to properties we owned or held interests in and operated in both of the periods under comparison.

Three months ended June 30, 2019 vs. Three months ended June 30, 2018

Lease income increased \$39.9 million during the three months ended 2019, of which the property transactions accounted for \$12.9 million of the increase. Comparable lease income increased \$27.0 million, or 2.2%, due to increases in fixed minimum lease and CAM consideration recorded on a straight-line basis as well as variable lease consideration based on tenant sales.

Total other income decreased \$27.4 million, primarily due to a \$35.6 million non-cash gain recorded in 2018 associated with our contribution of our interest in the Aéropostale licensing venture for additional interests in ABG, partially offset by 2019 activity including a \$5.8 million land sale gain as a result of land contributions for densification projects at two of our properties and a \$3.2 million increase related to business interruption insurance proceeds received in connection with our two Puerto Rico properties as a result of hurricane damages.

Depreciation and amortization expense increased \$32.4 million, of which the property transactions accounted for \$3.7 million. The comparable properties increased \$28.7 million primarily as a result of an increase in tenant allowance write-offs in 2019 and the acceleration of depreciation on a property upon initiation of a major redevelopment.

Home and regional office costs increased \$14.2 million, primarily due to the suspension of leasing cost capitalization in 2019, as a result of the adoption of a new accounting pronouncement.

Other expense increased \$7.3 million primarily related to an increase in legal fees and expenses.

Income and other taxes decreased \$3.1 million due to reduced withholding and income taxes related to certain of our international investments.

Unrealized (losses) gains in fair value of equity instruments represent a mark-to-market loss of \$12.3 million for the three months ended June 30, 2019 as compared to a gain of \$9.7 million for the three months ended June 30, 2018.

During the three months ended June 30, 2019, we recorded a \$2.7 million gain related to Klépierre's disposition of certain shopping centers. During the three months ended June 30, 2018, we recorded net gains of \$9.7 million primarily related to a property insurance recovery of previously depreciated assets.

Simon's net income attributable to noncontrolling interests decreased \$7.6 million due to a decrease in the net income of the Operating Partnership.

Six months ended June 30, 2019 vs. Six months ended June 30, 2018

Lease income increased \$52.0 million during 2019, of which the property transactions accounted for \$22.9 million of the increase. Comparable lease income increased \$29.1 million, or 1.2%, due to increases in fixed minimum lease and CAM consideration recorded on a straight-line basis as well as variable lease consideration based on tenant sales.

Total other income increased \$19.7 million, primarily due to a \$68.0 million increase related to a lawsuit settled with our former insurance broker in 2019 related to the significant flood damage sustained at Opry Mills in May 2010, a \$15.6 million gain on the sale of our interest in a multi-family residential property, a \$7.6 million increase related to business interruption insurance proceeds received in connection with our two Puerto Rico properties as a result of hurricane damage and a \$5.8 million land sale gain as a result of land contributions for densification projects at two of our properties, partially offset by a \$35.6 million non-cash gain recorded in 2018 associated with our contribution of our interest in the Aéropostale licensing venture for additional interests in ABG, a \$26.8 million decrease in lease settlement income and a \$18.6 million decrease in income related to distributions from an international investment received in 2018.

Depreciation and amortization expense increased \$44.1 million, of which the property transactions accounted for \$6.5 million. The comparable properties increased \$37.6 million primarily as a result of an increase in tenant allowance write-offs in 2019 and the acceleration of depreciation on a property upon initiation of a major redevelopment.

Home and regional office costs increased \$25.6 million, primarily due to the suspension of leasing cost capitalization in 2019, as a result of the adoption of a new accounting pronouncement.

Unrealized (losses) gains in fair value of equity instruments represent a mark-to-market loss of \$7.0 million for the six months ended June 30, 2019 as compared to a gain of \$6.7 million for the six months ended June 30, 2018.

During 2019, we recorded a \$2.7 million gain related to Klépierre's disposition of certain shopping centers. During 2018, we recorded net gains of \$9.7 million related to a property insurance recovery of previously depreciated assets and \$135.2 million primarily related to our disposition activity.

Simon's net income attributable to noncontrolling interests decreased \$19.0 million due to a decrease in the net income of the Operating Partnership.

Liquidity and Capital Resources

Because we own long-lived income-producing assets, our financing strategy relies primarily on long-term fixed rate debt. Floating rate debt comprised only 3.5% of our total consolidated debt at June 30, 2019. We also enter into interest rate protection agreements from time to time to manage our interest rate risk. We derive most of our liquidity from positive net cash flow from operations and distributions of capital from unconsolidated entities that totaled \$2.0 billion in the aggregate during the six months ended June 30, 2019. The Operating Partnership has a \$4.0 billion unsecured revolving credit facility, or Credit Facility, and a \$3.5 billion supplemental unsecured revolving credit facility, or Supplemental Facility, and together with the Credit Facility, the Credit Facilities. The Credit Facilities and the Commercial Paper program provide alternative sources of liquidity as our cash needs vary from time to time. Borrowing capacity under these sources may be increased as discussed further below.

Our balance of cash and cash equivalents decreased \$34.6 million during the first six months of 2019 to \$479.8 million as of June 30, 2019 as further discussed in “Cash Flows” below.

On June 30, 2019, we had an aggregate available borrowing capacity of approximately \$5.9 billion under the Credit Facilities, net of outstanding borrowings of \$125.0 million and amounts outstanding under the Commercial Paper program of \$1.4 billion and letters of credit of \$11.3 million. For the six months ended June 30, 2019, the maximum aggregate outstanding balance under the Credit Facilities was \$130.7 million and the weighted average outstanding balance was \$125.2 million. The weighted average interest rate was 3.25% for the six months ended June 30, 2019.

Simon has historically had access to public equity markets and the Operating Partnership has historically had access to private and public long and short-term unsecured debt markets and access to secured debt and private equity from institutional investors at the property level.

Our business model and Simon’s status as a REIT require us to regularly access the debt markets to raise funds for acquisition, development and redevelopment activity, and to refinance maturing debt. Simon may also, from time to time, access the equity capital markets to accomplish our business objectives. We believe we have sufficient cash on hand and availability under the Credit Facilities and the Commercial Paper program to address our debt maturities and capital needs through 2019.

Cash Flows

Our net cash flow from operating activities and distributions of capital from unconsolidated entities for the six months ended June 30, 2019 totaled \$2.0 billion. In addition, we had net proceeds from our debt financing and repayment activities of \$28.7 million in 2019. These activities are further discussed below under “Financing and Debt.” During the first six months of 2019, we also:

- paid stockholder dividends and unitholder distributions totaling approximately \$1.5 billion and preferred unit distributions totaling \$2.6 million,
- funded consolidated capital expenditures of \$403.3 million (including development and other costs of \$51.5 million, redevelopment and expansion costs of \$228.8 million, and tenant costs and other operational capital expenditures of \$123.0 million),
- funded investments in unconsolidated entities of \$23.9 million,
- received insurance proceeds for property restoration, remediation, and business interruption from hurricane damages in Puerto Rico of \$9.9 million, and
- funded the repurchase of \$181.3 million of Simon’s common stock.

In general, we anticipate that cash generated from operations will be sufficient to meet operating expenses, monthly debt service, recurring capital expenditures, and dividends to stockholders and/or distributions to partners necessary to maintain Simon’s REIT qualification on a long-term basis. In addition, we expect to be able to generate or obtain capital for nonrecurring capital expenditures, such as acquisitions, major building redevelopments and expansions, as well as for scheduled principal maturities on outstanding indebtedness, from:

- excess cash generated from operating performance and working capital reserves,
- borrowings on the Credit Facilities and Commercial Paper program,
- additional secured or unsecured debt financing, or
- additional equity raised in the public or private markets.

We expect to generate positive cash flow from operations in 2019, and we consider these projected cash flows in our sources and uses of cash. These cash flows are principally derived from rents paid by our tenants. A significant deterioration in projected cash flows from operations could cause us to increase our reliance on available funds from the Credit Facilities and Commercial Paper program, curtail planned capital expenditures, or seek other additional sources of financing as discussed above.

Financing and Debt

Unsecured Debt

At June 30, 2019, our unsecured debt consisted of \$15.0 billion of senior unsecured notes of the Operating Partnership, \$125.0 million outstanding under the Credit Facility, and \$1.4 billion outstanding under the Commercial Paper program.

On June 30, 2019, we had an aggregate available borrowing capacity of \$5.9 billion under the Credit Facilities. The maximum aggregate outstanding balance under the Credit Facilities during the six months ended June 30, 2019 was \$130.7 million and the weighted average outstanding balance was \$125.2 million. Letters of credit of \$11.3 million were outstanding under the Credit Facilities as of June 30, 2019.

The Credit Facility's initial borrowing capacity of \$4.0 billion may be increased to \$5.0 billion during its term and provides for borrowings denominated in U.S. dollars, Euro, Yen, Sterling, Canadian dollars and Australian dollars. Borrowings in currencies other than the U.S. dollar are limited to 95% of the maximum revolving credit amount, as defined. The initial maturity date of the Credit Facility is June 30, 2021 and can be extended for an additional year to June 30, 2022 at our sole option, subject to our continued compliance with the terms thereof. The base interest rate on the Credit Facility is LIBOR plus 77.5 basis points with a facility fee of 10 basis points.

The Supplemental Facility's initial borrowing capacity of \$3.5 billion may be increased to \$4.5 billion during its term and provides for borrowings denominated in U.S. dollars, Euro, Yen, Sterling, Canadian dollars and Australian dollars. The initial maturity date of the Supplemental Facility was extended to June 30, 2022 and can be extended for an additional year to June 30, 2023 at our sole option, subject to our continued compliance with the terms thereof. The base interest rate on the Supplemental Facility is LIBOR plus 77.5 basis points with a facility fee of 10 basis points.

The Operating Partnership also has available a Commercial Paper program of \$2.0 billion, or the non-U.S. dollar equivalent thereof. The Operating Partnership may issue unsecured commercial paper notes, denominated in U.S. dollars, Euro and other currencies. Notes issued in non-U.S. currencies may be issued by one or more subsidiaries of the Operating Partnership and are guaranteed by the Operating Partnership. Notes will be sold under customary terms in the U.S. and Euro commercial paper note markets and rank (either by themselves or as a result of the guarantee described above) pari passu with the Operating Partnership's other unsecured senior indebtedness. The Commercial Paper program is supported by the Credit Facilities and if necessary or appropriate, we may make one or more draws under either of the Credit Facilities to pay amounts outstanding from time to time on the Commercial Paper program. On June 30, 2019, we had \$1.4 billion outstanding under the Commercial Paper program, fully comprised of U.S. dollar-denominated notes with a weighted average interest rate of 2.47%. These borrowings have a weighted average maturity date of September 19, 2019 and reduce amounts otherwise available under the Credit Facilities.

On February 1, 2019, the Operating Partnership repaid at maturity \$600.0 million of senior unsecured notes with a fixed interest rate of 2.20%.

Mortgage Debt

Total mortgage indebtedness was \$6.8 billion at June 30, 2019 and December 31, 2018.

Covenants

Our unsecured debt agreements contain financial covenants and other non-financial covenants. If we were to fail to comply with these covenants, after the expiration of the applicable cure periods, the debt maturity could be accelerated or other remedies could be sought by the lender, including adjustments to the applicable interest rate. As of June 30, 2019, we were in compliance with all covenants of our unsecured debt.

At June 30, 2019, we or our subsidiaries were the borrowers under 45 non-recourse mortgage notes secured by mortgages on 48 properties, including two separate pools of cross-defaulted and cross-collateralized mortgages encumbering a total of five properties. Under these cross-default provisions, a default under any mortgage included in the cross-defaulted pool may constitute a default under all mortgages within that pool and may lead to acceleration of the indebtedness due on each property within the pool. Certain of our secured debt instruments contain financial and other non-financial covenants which are specific to the properties that serve as collateral for that debt. If the applicable borrower under these non-recourse mortgage notes were to fail to comply with these covenants, the lender could accelerate the debt and enforce its rights against their collateral. At June 30, 2019, the applicable borrowers under these non-recourse mortgage notes were in compliance with all covenants where non-compliance could individually or in the aggregate, giving effect to applicable cross-default provisions, have a material adverse effect on our financial condition, liquidity or results of operations.

Summary of Financing

Our consolidated debt, adjusted to reflect outstanding derivative instruments, and the effective weighted average interest rates as of June 30, 2019 and December 31, 2018, consisted of the following (dollars in thousands):

Debt Subject to	Adjusted Balance as of June 30, 2019	Effective Weighted Average Interest Rate ⁽¹⁾	Adjusted Balance as of December 31, 2018	Effective Weighted Average Interest Rate ⁽¹⁾
Fixed Rate	\$ 22,481,756	3.37%	\$ 22,461,191	3.37%
Variable Rate	842,923	3.01%	844,344	3.17%
	\$ 23,324,679	3.34%	\$ 23,305,535	3.35%

(1) Effective weighted average interest rate excludes the impact of net discounts and debt issuance costs.

Contractual Obligations

There have been no material changes to our outstanding capital expenditure and lease commitments previously disclosed in the combined 2018 Annual Report on Form 10-K of Simon and the Operating Partnership.

In regards to long-term debt arrangements, the following table summarizes the material aspects of these future obligations on our consolidated indebtedness as of June 30, 2019, for the remainder of 2019 and subsequent years thereafter (dollars in thousands), assuming the obligations remain outstanding through initial maturities, including applicable exercise of available extension options:

	2019	2020 - 2021	2022 - 2023	After 2023	Total
Long Term Debt (1) (2)	\$ 1,471,934	\$ 5,069,689	\$ 5,398,192	\$ 11,271,833	\$ 23,211,648
Interest Payments (3)	385,368	1,397,652	984,439	2,736,976	5,504,435

(1) Represents principal maturities only and, therefore, excludes net discounts and debt issuance costs.

(2) The amount due in 2019 includes \$1.4 billion in Global Commercial Paper – USD.

(3) Variable rate interest payments are estimated based on the LIBOR rate at June 30, 2019.

Off-Balance Sheet Arrangements

Our off-balance sheet arrangements consist primarily of our investments in joint ventures which are common in the real estate industry and are described in note 6 of the condensed notes to our consolidated financial statements. Our joint ventures typically fund their cash needs through secured debt financings obtained by and in the name of the joint venture entity. The joint venture debt is secured by a first mortgage, is without recourse to the joint venture partners, and does not represent a liability of the partners, except to the extent the partners or their affiliates expressly guarantee the joint venture debt. As of June 30, 2019, the Operating Partnership guaranteed joint venture-related mortgage indebtedness of \$216.1 million (of which we have a right of recovery from our joint venture partners of \$10.8 million as of June 30, 2019). Mortgages guaranteed by the Operating Partnership are secured by the property of the joint venture which could be sold in order to satisfy the outstanding obligation and which has an estimated fair value in excess of the guaranteed amount. We may elect to fund cash needs of a joint venture through equity contributions (generally on a basis proportionate to our ownership interests), advances or partner loans, although such fundings are not typically required contractually or otherwise.

Hurricane Impacts

During the third quarter of 2017, our two wholly-owned properties located in Puerto Rico experienced property damage and business interruption as a result of Hurricane Maria. Since the date of the loss, we have received \$68.3 million of insurance proceeds from third-party carriers related to the two properties located in Puerto Rico, of which \$42.7 million was used for property restoration and remediation and to reduce the insurance recovery receivable. During the three and six months ended June 30, 2019, we recorded \$3.2 million and \$7.6 million, respectively, as business interruption proceeds in other income in the accompanying consolidated statements of operations and comprehensive income.

Acquisitions and Dispositions

Buy-sell, marketing rights, and other exit mechanisms are common in real estate partnership agreements. Most of our partners are institutional investors who have a history of direct investment in retail real estate. We and our partners in our joint venture properties may initiate these provisions (subject to any applicable lock up or similar restrictions). If we determine it is in our stockholders' best interests for us to purchase the joint venture interest and we believe we have adequate liquidity to execute the purchase without hindering our cash flows, then we may initiate these provisions or elect to buy our partner's interest. If we decide to sell any of our joint venture interests, we expect to use the net proceeds to reduce outstanding indebtedness or to reinvest in development, redevelopment, or expansion opportunities.

Acquisitions. On September 25, 2018, we acquired the remaining 50% interest in The Outlets at Orange from our joint venture partner. The Operating Partnership issued 475,183 units, or approximately \$84.1 million, as consideration for the acquisition. The property is subject to a \$215.0 million 4.22% fixed rate mortgage.

Dispositions. We may continue to pursue the disposition of properties that no longer meet our strategic criteria or that are not a primary retail venue within their trade area.

During the first six months of 2019, we disposed of our interests in one multi-family residential investment. Our share of the gross proceeds on this transaction was \$17.3 million. Our share of the gain of \$15.6 million is included in other income in the accompanying consolidated statement of operation and comprehensive income. As discussed in note 6 of the condensed notes to our consolidated financial statements, Klépierre also disposed of its interest in certain shopping centers resulting in a gain, of which our share was \$2.7 million.

During the first six months of 2018, we recorded net gains of \$144.9 million primarily related to our disposition activity which included the foreclosure of a consolidated property in satisfaction of its \$200 million non-recourse mortgage. As discussed in note 6 of the condensed notes to our consolidated financial statements, Klépierre also disposed of its interests in certain shopping centers resulting in a gain, of which our share was \$13.4 million.

Development Activity

We routinely incur costs related to construction for significant redevelopment and expansion projects at our properties. Redevelopment and expansion projects, including the addition of anchors, big box tenants, restaurants, as well as office space and residential uses are underway at properties in the United States, Canada, Europe and Asia.

Our share of the costs of all new development, redevelopment and expansion projects currently under construction is approximately \$1.7 billion. We expect to fund these capital projects with cash flows from operations. We seek a stabilized return on invested capital in the range of 7-10% for all of our new development, expansion and redevelopment projects.

International Development Activity. We typically reinvest net cash flow from our international joint ventures to fund future international development activity. We believe this strategy mitigates some of the risk of our initial investment and our exposure to changes in foreign currencies. We have also funded most of our foreign investments with local currency-denominated borrowings that act as a natural hedge against fluctuations in exchange rates. Our consolidated net income exposure to changes in the volatility of the Euro, Yen, Peso, Won, and other foreign currencies is not material. We expect our share of international development costs for 2019 to be approximately \$232 million, primarily funded through reinvested joint venture cash flow and construction loans.

The following table describes these new development and expansion projects as well as our share of the estimated total cost as of June 30, 2019 (in millions):

Dividends, Distributions and Stock Repurchase Program

Simon paid a common stock dividend of \$2.05 per share in the second quarter of 2019 and \$4.10 per share for the six months ended June 30, 2019. The Operating Partnership paid distributions per unit for the same amounts. We paid dividends of \$1.95 and \$3.90 per share for the three and six months ended June 30, 2018. The Operating Partnership paid distributions per unit for the same amounts. Simon's Board of Directors declared a quarterly cash dividend for the third quarter of 2019 of \$2.10 per share of common stock payable on August 30, 2019 to stockholders of record on August 16, 2019. The distribution rate on units is equal to the dividend rate on common stock. In order to maintain its status as a REIT, Simon must pay a minimum amount of dividends. Simon's future dividends and the Operating Partnership's future distributions will be determined by Simon's Board of Directors, in its sole discretion, based on actual and projected financial condition, liquidity and results of operations, cash available for dividends and limited partner distributions, cash reserves as deemed necessary for capital and operating expenditures, financing covenants, if any, and the amount required to maintain Simon's status as a REIT.

On February 13, 2017, Simon's Board of Directors authorized a two-year extension of the previously authorized \$2.0 billion common stock repurchase plan through March 31, 2019. On February 11, 2019, Simon's Board of Directors authorized a new common stock repurchase plan. Under the new plan, Simon may repurchase up to \$2.0 billion of its common stock during the two-year period ending February 11, 2021 in the open market or in privately negotiated transactions as market conditions warrant. During the six months ended June 30, 2019, Simon purchased 1,092,957 shares at an average price of \$165.84 per share, of which 46,377 shares at an average price of \$164.49 were purchased as part of the previous program. In July 2019, Simon purchased 633,780 shares at an average price of \$157.78 per share. During the six months ended June 30, 2018, Simon purchased 1,988,247 shares at an average price of \$154.56 per share as part of the previous program. As Simon repurchases shares under these programs, the Operating Partnership repurchases an equal number of units from Simon.

Forward-Looking Statements

Certain statements made in this section or elsewhere in this Quarterly Report on Form 10-Q may be deemed "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Although we believe the expectations reflected in any forward-looking statements are based on reasonable assumptions, we can give no assurance that our expectations will be attained, and it is possible that our actual results may differ materially from those indicated by these forward-looking statements due to a variety of risks, uncertainties and other factors. Such factors include, but are not limited to: changes in economic and market conditions that may adversely affect the general retail environment; the potential loss of anchor stores or major tenants; the inability to collect rent due to the bankruptcy or insolvency of tenants or otherwise; decreases in market rental rates; the intensely competitive market environment in the retail industry; the inability to lease newly developed properties and renew leases and relet space at existing properties on favorable terms; risks related to international activities, including, without

limitation, the impact, if any, of the United Kingdom's exit from the European Union; changes to applicable laws or regulations or the interpretation thereof; risks associated with the acquisition, development, redevelopment, expansion, leasing and management of properties; general risks related to real estate investments, including the illiquidity of real estate investments; the impact of our substantial indebtedness on our future operations; any disruption in the financial markets that may adversely affect our ability to access capital for growth and satisfy our ongoing debt service requirements; any change in our credit rating; changes in market rates of interest and foreign exchange rates for foreign currencies; changes in the value of our investments in foreign entities; our ability to hedge interest rate and currency risk; our continued ability to maintain our status as a REIT; changes in tax laws or regulations that result in adverse tax consequences; risks relating to our joint venture properties; environmental liabilities; changes in insurance costs, the availability of comprehensive insurance coverage; security breaches that could compromise our information technology or infrastructure; natural disasters; the potential for terrorist activities; and the loss of key management personnel. We discussed these and other risks and uncertainties under the heading "Risk Factors" in the combined 2018 Annual Report on Form 10-K of Simon and the Operating Partnership. We may update that discussion in subsequent other periodic reports, but, except as required by law, we undertake no duty or obligation to update or revise these forward-looking statements, whether as a result of new information, future developments, or otherwise.

Non-GAAP Financial Measures

Industry practice is to evaluate real estate properties in part based on performance measures such as FFO, diluted FFO per share, NOI, portfolio NOI and comparable property NOI. We believe that these non-GAAP measures are helpful to investors because they are widely recognized measures of the performance of REITs and provide a relevant basis for comparison among REITs. We also use these measures internally to measure the operating performance of our portfolio.

We determine FFO based upon the definition set forth by the National Association of Real Estate Investment Trusts ("NAREIT") Funds From Operations White Paper – 2018 Restatement. Our main business includes acquiring, owning, operating, developing, and redeveloping real estate in conjunction with the rental of real estate. Gain and losses of assets incidental to our main business are included in FFO. We determine FFO to be our share of consolidated net income computed in accordance with GAAP:

- excluding real estate related depreciation and amortization,
- excluding gains and losses from extraordinary items,
- excluding gains and losses from the sale, disposal or property insurance recoveries of, or any impairment related to, depreciable retail operating properties,
- plus the allocable portion of FFO of unconsolidated joint ventures based upon economic ownership interest, and
- all determined on a consistent basis in accordance with GAAP.

You should understand that our computations of these non-GAAP measures might not be comparable to similar measures reported by other REITs and that these non-GAAP measures:

- do not represent cash flow from operations as defined by GAAP,
- should not be considered as an alternative to net income determined in accordance with GAAP as a measure of operating performance, and
- are not an alternative to cash flows as a measure of liquidity.

The following schedule reconciles total FFO to consolidated net income and, for Simon, diluted net income per share to diluted FFO per share.

Item 3. Qualitative and Quantitative Disclosures About Market Risk

Sensitivity Analysis

We disclosed a qualitative and quantitative analysis regarding market risk in Management's Discussion and Analysis of Financial Condition and Results of Operations included in the combined 2018 Annual Report on Form 10-K of Simon and the Operating Partnership. There have been no material changes in the assumptions used or results obtained regarding market risk since December 31, 2018.

Item 4. Controls and Procedures

Simon

Management's Evaluation of Disclosure Controls and Procedures

Simon maintains disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) that are designed to provide reasonable assurance that information required to be disclosed in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's, or the SEC's, rules and forms, and that such information is accumulated and communicated to Simon's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosures. Because of inherent limitations, disclosure controls and procedures, no matter how well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of disclosure controls and procedures are met.

Our management, with the participation of Simon's Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of Simon's disclosure controls and procedures as of June 30, 2019. Based on that evaluation, Simon's Chief Executive Officer and Chief Financial Officer concluded that, as of June 30, 2019, Simon's disclosure controls and procedures were effective at a reasonable assurance level.

Changes in Internal Control Over Financial Reporting

There have not been any changes in Simon's internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) that occurred during the quarter ended June 30, 2019 that have materially affected, or are reasonably likely to materially affect, Simon's internal control over financial reporting.

The Operating Partnership

Management's Evaluation of Disclosure Controls and Procedures

The Operating Partnership maintains disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) that are designed to provide reasonable assurance that information required to be disclosed in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including Simon's Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosures. Because of inherent limitations, disclosure controls and procedures, no matter how well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of disclosure controls and procedures are met.

Our management, with the participation of Simon's Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of the Operating Partnership's disclosure controls and procedures as of June 30, 2019. Based on that evaluation, Simon's Chief Executive Officer and Chief Financial Officer concluded that, as of June 30, 2019, the Operating Partnership's disclosure controls and procedures were effective at a reasonable assurance level.

Changes in Internal Control Over Financial Reporting

There have not been any changes in the Operating Partnership's internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) that occurred during the quarter ended June 30, 2019 that have materially affected, or are reasonably likely to materially affect, the Operating Partnership's internal control over financial reporting.

Part II — Other Information

Item 1. Legal Proceedings

We are involved from time-to-time in various legal and regulatory proceedings that arise in the ordinary course of our business, including, but not limited to, commercial disputes, environmental matters, and litigation in connection with transactions such as acquisitions and divestitures. We believe that our current proceedings will not have a material adverse effect on our financial condition, liquidity or results of operations. We record a liability when a loss is considered probable, and the amount can be reasonably estimated.

Item 1A. Risk Factors

Through the period covered by this report, there were no material changes to the Risk Factors disclosed under Item 1A. Risk Factors in Part I of the combined 2018 Annual Report on Form 10-K of Simon and the Operating Partnership.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Simon

Unregistered Sales of Equity Securities

There were no unregistered sales of equity securities made by Simon during the quarter ended June 30, 2019.

Issuer Purchases of Equity Securities

<u>Period</u>	<u>Total number of shares purchased</u>	<u>Average price paid per share</u>	<u>Total number of shares purchased as part of publicly announced plans</u>	<u>Approximate value of shares that may yet be purchased under plans (2)</u>

(1) Total number of shares purchased represents shares withheld by us and transferred to treasury shares in connection with employee payroll tax withholding upon the vesting of certain restricted stock awards.

(2) On February 13, 2017, Simon's Board of Directors authorized a two-year extension of the previously authorized \$2.0 billion common stock repurchase plan through March 31, 2019 and on February 11, 2019, Simon's Board of Directors authorized a new common stock repurchase plan. Under the new plan, Simon may repurchase up to \$2.0 billion of its common stock during the two-year period ending February 11, 2021 in the open market or in privately negotiated transactions. As Simon repurchases shares under these plans, the Operating Partnership repurchases an equal number of units from Simon.
